

IWX 2025

The 10th International Workshop on X-Ray Tomography of Geomaterials and Environmental Materials

ABOUT THE WORKSHOP

This workshop brings together researchers and practitioners working with X-ray CT imaging of geomaterials and environmental materials. Topics include advanced imaging techniques, in-situ testing, image analysis, and applications in geotechnical engineering, environmental science, and materials characterization.

EVENT DETAILS

Dates: December 2-3, 2025 (Tuesday - Wednesday)

Venue: Centennial Memorial Hall, Kumamoto University, Japan

Organizer: X-Earth Center, Kumamoto University

KEYNOTE SPEAKERS

Dr. Mahya Roustaei

Ghent University

Dr. Alessandro Tengattini

3SR Laboratory
Université Grenoble Alpes

Dr. Olga Stamati

3SR Laboratory
Université Grenoble Alpes

CALL FOR PRESENTATIONS

Abstract Submission Deadline: October 31, 2025

Registration Deadline: November 20, 2025

REGISTRATION

Registration is FREE.
